MEDPLAST PUSHES MEDICAL MOLDING TO NEW HEIGHTS

Creating a new paradigm for medical molding while creating a new company out of several existing businesses is a challenge only those with industry expertise can take on. After one year, MedPlast is well on its way to success. —**Clare Goldsberry**

MedPlast's corporate headquarters are located at this facility in Tempe, AZ, purchased from ATP in April 2008.

The West Berlin, NJ plant houses a large tooling facility that was recently renovated.
